

Establish Your Own National Diabetes Prevention Program (National DPP)

Establish your own National Diabetes Prevention Program (National DPP) as part of the Umbrella Hub by working with Quality Insights, Delaware Division of Public Health, and the Health Promotion Counsel. The Umbrella Hub offers **NO COST** assistance to organizations interested in becoming a National DPP provider.

As a member of the Delaware [Umbrella Hub Organization](#) (UHO), your organization will receive administrative, technical, and financial support throughout the process of starting and maintaining your National DPP.

We offer services tailored to YOUR needs:

- Support in becoming an accredited National DPP
- Financial support for Health Coach training
- Assistance with recruiting participants for the program
- Technical assistance around data entry
- Ability to bill for classes under the Umbrella Hub's contracts with Medicare, Delaware Medicaid, and other payers
- Collaborative environment to learn from other organizations
