

STAFFING SOLUTIONS LESSONS LEARNED

Equipping and Empowering Staff for Success

 **THURSDAY
MAY 2, 1 P.M. ET**

This 60-minute webinar will discuss strategies for promoting nursing home staff stability, empowering nursing assistants, and improving infection prevention. As the closing webinar to the *Staffing Solutions for Nursing Homes* course series, participants will also review lessons learned during the program.

The information presented is appropriate for Nursing Home Administrators, Human Resources professionals, nurses, and other health care staff who work in nursing home settings.

After completing this webinar, the learner will be able to:

- List three ways staffing stability can improve infection control and quality improvement outcomes
- Identify at least two methods for empowering Certified Nursing Assistants (CNAs)
- Describe at least two lessons learned from the Staffing Solutions course series nursing home staff
