

2025 Virtual Council Meeting
May 1, 2024 – April 30, 2025, Performance Period

Quarter 3, January 29, 2025– Session 2

1

Housekeeping

- All lines have been muted.
- This session will be recorded and posted to our website along with a copy of the slides.
- Please put your questions in the chat and we will answer as many as time allows at the end of the presentation.
- Please complete the brief evaluation at the end of the presentation to help us improve future meetings.

2

Objectives

- Provide update on Network goals
- Celebrate improvements
 - Facility Recognition
- Network Expectations
- Key Takeaways
- Q&A

3

ESRD Conditions for Coverage

(i) Standard: Relationship with ESRD network.

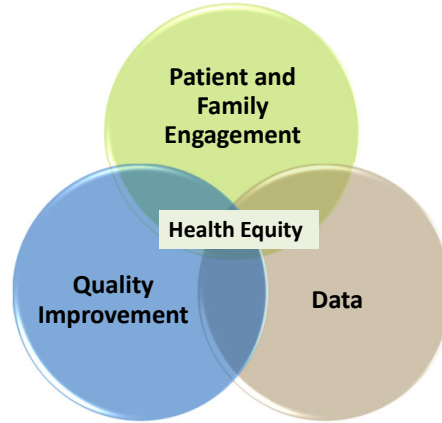

The governing body receives and acts upon recommendations from the ESRD network. The dialysis facility must cooperate with the **1. ESRD network designated for its geographic area**, in **2. fulfilling the terms of the Network's current statement of work**. **3. Each facility must participate in ESRD network activities and pursue network goals.**

4

Statement of Work

5

Statement of Work

- 12 month performance periods called option periods (OP)
- Performance periods run May 1 – April 30
- Current performance period is May 1, 2024 – April 30, 2025, also know as OP3

6

Health Equity

- Facility Commitment to Health Equity Attestation due in EQRS by February 28, 2025
- Contact Andrea Moore @ Amoore@qualityinsights.org if you need help

7

8

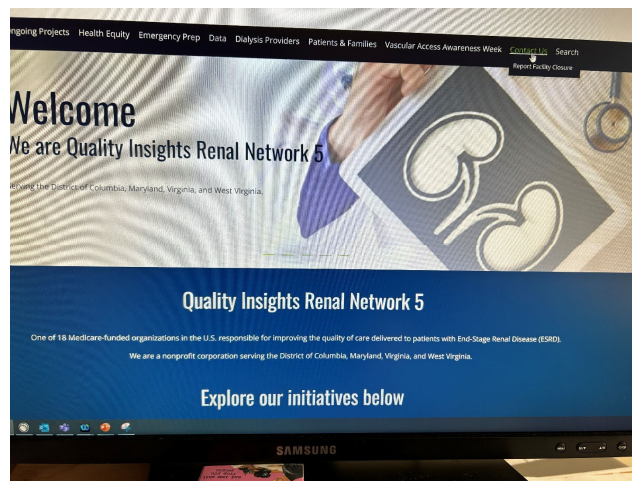

Emergency Preparedness

- Be proactive
- Do not second guess weather events
- Review your emergency plans prior to weather events
- Have local Office of Emergency Management contacts on hand
- Report delays and closures to Network

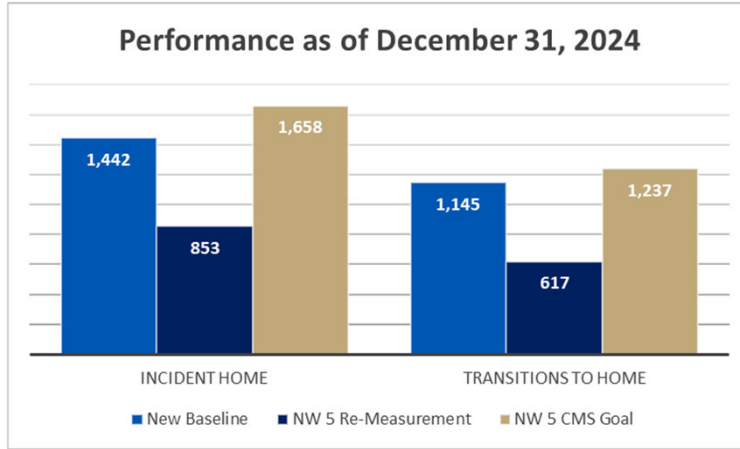

9

Reporting Closures

10

Home

11

- DaVita Puddledock Dialysis
- ARTIFICIAL KIDNEY CENTER - SUFFOLK

26

Annual CMS - 2744

- Generate by Friday, January 31, 2025
- Submit by Monday, March 31, 2025
- Contact Alison if you need help
 - acrittenden@qualityinsights.org
 - 804-320-0004, Ext. 2707

27

Warning from State Surveyors

- Citations issued
 - for not properly inserting the tubing beneath the venous drip chamber into the venous line clamp and optical detector during the pre-dialysis testing process
 - for optical detector door was left open
- Patient Safety
- Follow operator's manual

28

Network Expectations

- **Engage**
 - Respond to inquiries and request for information
 - Take action
 - Sign up and read electronic newsletter, e-Lerts
- **Notify the Network of major events**
 - Facility emergencies/closures
 - Leadership/staff changes
- **Inform patients of available Network resources**
 - Grievance resolution
 - Educational materials
 - Patient & Family Advisory Committee
- **Pursue Network Goals**
 - Participate in Network Quality Improvement Activities (QIAs)
 - Engage in Network facilitated technical assistance
 - Monthly, monitor progress utilizing the ESRD Facility Report, discuss and document in QAPI meetings

29

30

Key Takeaways

- **All** facilities are required to be working towards **All** goals
- Individual projects may focus on a few specific goals, but this does not disqualify a facility from making progress on the others
- Engage with the Network – the CfC require it!
