8:00 AM - 4:00 PM

SYMPOSIUM

Limited spots available. Register by May 6th!

TARGET AUDIENCE:

The target audience for this symposium is health care professionals who provide care for patients with chronic kidney disease. The content is designed for registered nurses and social workers to improve their clinical practice and patient management during all phases of transplantation.

REGISTRATION:

This course is being offered free of cost to its attendees and includes breakfast and lunch. Spots are limited so it is important to register early. We will place any additional registrants on a waiting list once our attendance is reached. This program will offer Transplant Surgeon Designee certification or re-certification. Visit our website for registration.

EVENT INQUIRES:

Emily Berls, BSN, RN
Outreach Coordinator & Physician Liaison
732-253-3361 / emily.berls@rwjbh.org

LEARNING OBJECTIVES:

After completion, the participant will be able to:

- Discuss the different phases of the transplantation process.
- Describe two responsibilities of the transplant designee.
- Identify two considerations in the psychosocial evaluation of transplant recipients.
- Discuss three benefits of living donation.
- List one strategy to help patients find a living donor.

CONTACT HOURS:

RWJBH is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. A total of **5** continuing professional development units are awarded with successful completion of this program.

New Jersey social workers will receive **5** Clinical CE credits for participating in this course.
