QUICK START GUIDE

**Getting started with the Quality Insights
Learning Management System couldn't be more simple.**

1
Visit your project Website. Former Edisco users go to **Learn.QualityInsights.org**

All others go to **https://qualityinsights.acornplms.com** and select your project.

2
Type in your email in the username field.

New 5-Diamond FACILITY users **type in your CCN in the username field.**

3
Edisco and other existing users Click the "forgot your password" link and reset your password.

New Users Create a password and fill out all information.

4
Search categories and or the course catalog to find courses of interest. Learn about the courses and potential continuing education credits.

5
Click "Enroll" then "Go to Course" and follow the instructions. Finish all the lessons and activities before completing the evaluation.

6
Explore features. Find your enrolled courses and more using the **"My Learning" button** in the upper right corner.
